Message:

As a lifelong Texas I am outraged over the Republican priority over redistricting our state, mid-term without an updated census. This is wrong. This is not a fair or equal representation of our state. This racist and bias agenda is keeping our legislators from helping the victims of the Kerr County flooding and is a waste of my tax payer dollars. Republicans must stop this Trump agenda. I have never felt so undervalued as a voting US citizen and if rigging elections is the priority of the republican party we are no better than North Korea. There is no longer freedom or equality for all if this is all republican can focus on in this legislative session. Please do what is right for the people of Texas and not your own political party. There is no need for this.
