First Name: Kristen
Last Name: Perez
Title: Doctor
Organization: Self
Address: [REDACTED]
City: Buda
State: TX
Zipcode: [REDACTED]
Phone: [REDACTED]

Affirm public info: I agree

Regarding: Congressional

Message:

My name is Dr. Kristen Perez and I live in Hays County. I served 6 years in the United States Air Force and was honorably discharged as a Staff Sergeant and then went on to receive my Doctorate in Physical Therapy. I want my voice to be heard when discussing the re-districting that is being discussed in the state of Texas, which is only to benefit the Republican Party. This re-districting only serves one purpose, and that is to suppress the votes of the people and to help those remain in power. Texas has been under the control of the Republican Party for 30 years and I feel, truly does not represent what the people of Texas want nor feel. Re-districting will further divide and suppress the voices of the community and will not benefit the state of Texas whatsoever. It will only benefit those of this current administration. By allowing this, you will be part of this further divide, and instead of coming together and using resources to support those from the floods and financial needs of the community, you are putting efforts and wasting time on something that I feel is disgraceful and belittling of the public. I fully do not support the idea of re-districting as our districts are already gerrymandered to an extent that doesn't support the views of the people. This would be a slap in the face to the people of Texas as well as the American people and you would be part of the problem in voter suppression.
