Message:

I'm adamantly opposed to this redistricting attempt. This is a blatant move to gerrymander Texas even further and suppress voters. No one is fooled by what this is and it's atrocious and unacceptable. If you can't win in a fair election, you shouldn't even be running. If you can't get the votes without cheating and disenfranchising people, you don't deserve to hold office. You should be focused on the things that actually matter to your constituents, not caving to the request of a childish tyrant.
