Message:

I am opposed to redistricting the state. We are supposed to be a representative democracy that represents ALL constituents. This is not a census year when new data might indicate redistricting is appropriate. This is being proposed to tip the scales in favor of Republicans and to skew the outcome of the upcoming midterms because they are aware of how unpopular Trump's policies are with the general populace. The midterms should reflect the true wishes of the people, whereas gerrymandering will result in artificial results. Don't let this happen to our democracy! Not only will this harm our democratic process but it will also be a black eye on the state of Texas. We are better than this.
