Affirm public info: I agree

Regarding: Congressional

Message:

Dear Esteemed Senators,

After reviewing the mapping proposed for redistricting outside of cycle, I respectfully urge you to cancel this initiative and to vote No on it should it resurface. As a native north Texan who has lived throughout Texas and especially north Texas, the new maps are not representative of how our neighborhoods or constituencies work and therefore would remove true representation from many people. As a person of faith writing to you, also many of whom are persons of faith, I ask you to join me in remembering that our first responsibility as Christians is to "do unto the least of these" and ensure care and voice for those who have the least voice given to them statistically and historically. I am an active voter and could not in good conscious vote for anyone who is not aligned in word and action with these principles.

Thank you for your work.

Respectfully yours,

Lindsay Williams
