Message:

I firmly oppose any redistricting efforts in the Texas that aim to silence or diminish the voices of Democratic Voters. Gerrymandering, in any form, undermines the democratic process. Gerrymandering is the main tool of FASCISM. It manipulates district boundaries to favor one party over another, often diluting the power of communities- particularly communities of color, young voters and working-class Texans - who deserve equal representation. Every vote should carry the same weight and every citizen should have an equal opportunity to elect leaders who reflect their values and needs. Any attempt to redraw district lines in away that disproportionately silences democratic voices is not just unjust, it is Un-American.
