Message:

I oppose the redistricting bill to effectively change the current districts to take 5 seats away from current legislators who are Democrats and give them to Republican districts. This is effectively gerrymandering and is not the lawful time based on the census to re-draw districts and change representation. This also appears to be racial discrimination by our elected officials including the Governor and members of the state legislature who are supporting this action. I think it is reprehensible that this redistricting is being used to further delay addressing the flooding disaster that affected so many Texans and to prevent future loss of lives due to disasters of this kind.
