Message:

The proposed redistricting plan is so grossly unfair to Democrats that I beg you to consider the principles upon which this country was founded. Under the existing plan I already feel disenfranchised and the new plan is even more unfair. It makes the wishes of the voters count much less than the power grab of the Republicans in our state. If they cared about democracy more they would let our votes count. Maintaining political power should not be the be all and end all of the Republicans in Texas.
