Message:

This is in response to SB4 on Thursday August 7.

Trump needs Abbott to deliver five new congressional districts in Texas in order to retain the house in 2026.

Now Abbott is following orders.

The Senate was elected to represent the citizens of the state and not to do the bidding of the president when policies put him at risk of losing the house.

The actions of Republicans has been undemocratic and resulted in legislative paralysis.

Texans deserve maps that do not put black and brown areas of our state at a disadvantage and we also deserve a transparent process.

Have a backbone and do the right thing.

Margaret Roscoe
