Message:

I am writing as a deeply concerned Texan and voter to demand that you take a firm stand against the blatant discriminatory practice of gerrymandering in our state. The deliberate manipulation of district boundaries to favor one political party over another is an affront to the democratic principles you were elected to uphold.

Texas is one of the most diverse and dynamic states in the US, yet the electoral maps do not reflect the will of the people. Instead they are distorted tools of partisan power-grabbing that silence communities, dilute minority representations and erode public trust.

This is not a partisan issue, it is a moral and constitutional one. Gerrymandering is cheating, it is voter suppression in disguise. It discourages civic participation, shields incumbents from accountability and undermines fair competition.

If you claim to represent the people of Texas, then you must represent ALL of us. I urge you to support independent redistricting commissions and advocate for legislation that ensures fair and transparent districting processes. The people of Texas deserve free and fair elections. We are watching. We are organizing. And we WILL vote accordingly

Sincerely
Maria del Rio
Williamson County
