Message:

To the Special Committee on Redistricting:

Drawing new maps for Texas Congressional Districts in MID DECADE , this year of 2025, is nothing but another power grab,

a power grab that goes against Texans' REAL, TRUE VALUES for human dignity, freedom, and courage.

Texas is a state full of people of every race and creed. To steal the votes of those who are not white, anglo or whatever you are is an abomination that will stain your legacy.

Announcing to the world that Texas Republican legislators want to further the aims of a Fascist , ruthless power grabbing pervert is of great concern and beyond my comprehension. Bowing to him in supplication for what???

To put it in the simplest of terms for your understanding, Republican committee members, "Fear, cowardice, hatred, and supplication are not a good look."
