Message:

I'm a 21 year old native Texan. It embarrasses me that our great state has been illegally gerrymandered in my lifetime. And now Governor Abbot's efforts to further this illegal action in Texas just to appease the crook in the White House are beyond ridiculous. While I am not a fan of the current districting as it does not accurately represent the voices of Texas, the proposed redistricting is even worse. I beg as a young Texan who wants to have pride in her state to not cave to the whims of the corrupt crooks in office.
