I am a former lifelong resident of Beaumont, TX. We retired to Maine in 2020. This attempt to hyper-gerrymander to create 5 new Republican districts is a blatant unfair power grab. It is cheating, and is to be roundly condemned. It is clear that the current administration's policies are so unpopular that the only way for Republicans to win national elections is to cheat and suppress the vote. It is heartbreaking to witness the dismantling of our sacred democracy in real time. Those who cooperate with the authoritarian Trump are disgusting cowards toward whom history will not be kind.
