Regarding: Congressional

Message:

Good evening, I am writing to vehemently oppose any efforts to redistrict Texas during this special session or future special sessions. This proposal to redistrict is a clear attempt at malicious gerrymandering, which has no place in democracy. The current map is an effort to promote one political party representation rather than allowing voters to choose who represents them and their communities best. It is a shameful and deliberate attempt to fracture communities and silence our brothers and sisters of color. The state of Texas, where I have lived my entire life, is one of the most diverse states in the nation. One that should have representatives who honor this diversity. Frankly, I am deeply disappointed in the lack of fairness and transparency perpetuated by the Texas governor and his allies. Texans will not settle for this. I and all other Texans deserve representatives who act morally, ethically, and in good faith of their constituents. I expect this committee to halt any attempts at redistricting.
