Message:

I urge our representatives of the Texas legislature to vote no on redistricting. This special session should be focused on flood relief and making Texas stronger in preparing for the next big flood and preventing the next big tragedy. Over 100 people dead, many children. Completely devastating.

Instead the focus is on gerrymandering. Redrawing district maps mid-decade is not fair. Our president is trying to hold power in a way that goes against our democracy. Texas should stand up to him for what is right and fair. The redistricting campaign directly affects my representative's map in South Austin. We did not ask for this.

I urge our representatives to stand up for our state and what is right.

Thank you.
