Message:

I would like to state plainly that every member should be aware that there will be consequences for these illegal actions and your unjust attempt to manipulate the voting process in order to avoid being answerable to the majority. There is no other explanation for your actions other than to maintain power in the face of unpopular policies by manipulating the voting process in order to not be held accountable to the majority voice.

These actions are the actions of dictators, autocrats, and authoritarians. By doing this you have broken your oath of office and are defying the constitution. There will be consequences for these choices.

For far too long those of us with rational thoughts have been avoiding the criticism of your childish religious views, in order to not hurt your delicate feelings. The absurdity of such a position is why we are in the predicament we are in now. By avoiding the criticism of your childish beliefs, that so obviously mirror what would be considered adult Santa Claus, you have become emboldened. You have forced your ignorant beliefs on the rest of us, and now you want to force your legislative and political dominance on us as well. You have now taken your mile and continue to try and take more.

I personally have reached my limit of tolerance. Not for one second longer will I be respectful or tolerant of your absurd beliefs and will tell you to your faces that you sound like dumb children. It never needed to come to this, you could have kept your beliefs to yourselves and in your churches. But due to the fact

that deep down you all know it's utter nonsense and the reality is you're just scared of the world, nothing will ever be enough for you. Because you're never addressing the real problem, which is simply your fear.

So the time has come to be done with this arrangement. You have no one to blame but yourselves for your absurdity as well as your choice to abuse power. Your very actions are the proof that your entire belief system is made up, because you don't even follow the very tenets your beliefs are derived from. You are hypocrites and cowards, and worse than that, you have attacked, dehumanized and disparaged your fellow human beings. Your views and beliefs are now meaningless, hollow, and pathetic. And we will do everything within our power to dismantle your pathetic coup.

You have pushed for far too long, and you will now be pushed back. And you will lose, just as your Confederate and Nazi brethren did.
