Affirm public info: I agree

Regarding: Congressional

Message:

I am opposed to the proposed congressional map being redrawn at the request of President Trump. This plan strikes at the heart of our democracy and the principle of equal protection for all citizens. It is clear that the intent of the Trump administration is to silence the voices of Texans. Citizens of Texas should choose their representatives, not the other way around. Representatives should not choose which citizens get to be represented by them. This whole plan stinks of corruption, weakness and the complete antithesis of what being a Texan has always meant.

Our democratic processes must be fair and inclusive, transparent and above reproach. Anything that reeks of race targeting and race discrimination, as this bill does, is completely unacceptable. Voters should elect their representatives, not representatives cherry-picking their voters.

I expect every representative and senator to vote no on this proposal and get back to the business of helping Texans impacted by the devastating floods. Stop playing politics and put our needs first, not your own and definitely not our President's desire for more unchecked power.
