Message:

Dear Members of the Senate,

My name is Misty Winter, and I am here to strongly oppose any redistricting maps that are racially gerrymandered or dilute the voting power of communities of color.

Redistricting should be fair, transparent, and reflective of our state's diverse population. Unfortunately, gerrymandered maps—especially those drawn to suppress the voices of Black, Latino, Asian, and Indigenous voters—undermine our democracy and violate the principles of equal representation.

Racial gerrymandering is not only unjust—it's unconstitutional. It manipulates district lines to marginalize voters based on race and limits the ability of communities to elect candidates who truly represent them. This disenfranchisement fosters political polarization, deepens inequality, and erodes trust in government.

I urge you to reject any maps that fail to comply with the Voting Rights Act and instead adopt district boundaries that:

Keep communities of interest together,

Reflect demographic realities,

And empower, not silence, voters of color.

The right to vote—and to have that vote count equally—must never be compromised. I ask you to stand on the side of democracy and justice by ensuring that our redistricting process is fair and representative of all people.

Thank you for your time and your service.

Sincerely,
Misty Winter
