Message:

I urge the Texas Legislature to do redistricting on the agreed upon schedule of every ten years following the national population census. The maps should be drawn to work towards representation for as many citizens as possible not to favor a specific party. My rep in TX 7 works hard for all of our citizens and interests and a disruption is not needed. Additionally, the Governor, Greg Abbott, is delaying the election to provide representation to TX 18 and this is to avoid having a democratic representative in Congress.

Texas has been known for independent spirit and giving in to the demands of this Washington power grab is inappropriate.
