Affirm public info: I agree

Regarding: Congressional

Message:

I strongly oppose any efforts to redraw the current congressional districts in Texas. The existing maps already represent a carefully balanced structure that reflects the diverse communities and populations across the state. Redrawing these districts at this time risks undermining fair representation and could lead to gerrymandering that favors political interests over the voices of Texas voters. I urge the committee to prioritize transparency, public input, and compliance with the Voting Rights Act, and to reject any proposed changes that dilute minority voting strength or divide communities of interest.
