Message:

The citizens of Texas demand fair representation and this illegal, racist, and immoral redistricting map is not that. My testimony is not to ask you to change your vote. There are forces at play much larger than my testimony. Note for the record, we are energized by the brave Texas Democrat lawmakers and the blue states ready to fight fire with fire. The pendulum is about to swing to the left. We, the voters, will finally have fair representation. It will be the voters who truly choose the lawmakers, not big money donors or a rogue Administration. And that was the intent of our Founders. May God bless lawmakers of both parties with discernment and wisdom in accordance with His will. Thank you for your time.
