Message:
I stand in strong opposition to any redistricting efforts in or around my city—or anywhere across the state of Texas—that are designed to give unfair advantage to the Republican Party. Every Texan, no matter where they live, deserves a fair and equal voice in our democracy. It is not just a privilege, but a fundamental right of the people to elect leaders who reflect their values, uphold their ideals, and serve with integrity.

The job of our elected officials is to represent the people—not to manipulate district lines to protect their own political power. If those in office cannot fulfill that responsibility with honesty and fairness, they have no business holding public office. Gerrymandering is nothing short of an attack on democracy, and it undermines the very foundation of our republic.

Let me be clear: if the Republican Party chooses to push forward with these unethical redistricting plans —especially in areas already suffering from partisan gerrymandering—they should be prepared for strong and unified resistance. Texans will not stay silent. We will not stand by while our representation is diluted and our voices are silenced.

This is not a partisan issue—this is an American issue. We, the people, grant power to our leaders—not the other way around.
