Message:

Dear Senators, the redistricting of Texas is imperative to our state and to our nation if we want to fulfill the vision our founding fathers had of a free and moral land where the gospel of Jesus Christ is propagated so that people might know the One True Living God and reach their full God-given potential.

The Democrats are intent on a death agenda in every way: death to America, death to freedom, death to our economy, death to the gospel of Jesus Christ, death to marriage between one man and one woman, death to babies in the womb, death to fertility, death to male and female, death to a free economy, death to a person's medical choices and so much more.

Your decision will bring life to Texas and the nation.

God bless you and give you wisdom and a backbone to do what is right.

Sincerely yours,
Mrs.Nancy Caskey
