Affirm public info: I agree

Regarding: Congressional

Message:

It appears that there are changes being proposed to reduce the voice of the current elected officials. Districts 9, 18, 29, and 33 were developed without racial considerations but if we follow through on the request of the DOJ we are solely using race to dismantle and restructure these identified districts? My question to the committee is this: If we follow these directives will we then begin to apply this process to all districts that the DOJ feels are racial configured? I am seeking clarification on the newly proposed district lines for House District 30 and Senate District 23. We can not allow this to happen in any district in our state.
