Message:
Dear Representatives,

Now is NOT the time for redistricting. It is unconscionable to me that Texas leaders would prioritize a political stunt over flood assistance, flood risk management and flood relief.

Texans must be able to elect their leaders instead of politicians selecting their voters.

I strongly oppose this mid-cycle redistricting because it will disenfranchise my vote and my neighbors' votes. Further, it is illegal and unconstitutional.

Please stop wasting Texans' time, energy and money on this political stunt and do something useful -- like addressing flood relief.

Thank you,
Nicola Fuentes Toubia
