To add to my comments: not only is this a naked power grab, and not only does it show your blind fealty to Donald Trump, but it also shows you are bought and paid for by the rich and powerful of our state. No longer do you give a rat's ass about anyone else in our state. The rich and powerful oligarchs in west Trxas and down at Starbase want carte Blanche to do whatever they want to our land, air, and water, and they know that the republicans are the ones to do it to us, and they want you to rule over us as kings. Maybe that sounds good to you, you'd love to be kings, but don't forget, that's what we fought the American Revolution over. We don't want kings. We want you to work for US, not the oligarchs.

Thank you for your time.
