Message:

It wasn't enough to endanger our community's children; ban books; and strip women of our bodily autonomy, now you are attempting to silence large swaths of voters in counties all over our state. Accepting losses gracefully is adulting at its finest. Yet, none of the representatives who are pushing these redistricting attempts seem to know what grace of any kind means. Where & when will you stop?! Women and people of color are Not your enemy. All we want is to raise our children in a healthy environment; earn a living wage and be able to afford lifelong healthcare. I beseech you to please Stop stripping us of our right to be heard. Stop tipping the scales in your own best interest.
