Message:

I'm writing to strongly oppose any redistricting changes being considered during this special session. It's clear this session was called not to serve Texans, but to appease Donald Trump and help Texas Republicans cling to power through gerrymandering. That is unacceptable.

This kind of manipulation of our maps is not just unethical — it's unconstitutional. Redistricting should serve the people, not political parties. Texas is becoming more diverse and more competitive, and instead of embracing that, state leaders are trying to silence voters and rig the system.

I'm asking you to do what's right — not what's politically convenient. Don't support any changes that further undermine democracy in our state. Texans are watching, and we want fair representation — not another power grab.
