Message:

Let's drop the pretense: Texas redistricting is straight-up electoral theft. This isn't policy—it's power hoarding by a party that knows it can't survive an honest vote. Republicans are so terrified of real democracy, they've resorted to carving up communities like a dictatorship in decline. This isn't strategy. It's cowardice. It's corruption. It's cheating. And it's exactly what you do when you know the majority of people have stopped buying what you're selling.

You don't gerrymander if you're winning. You do it when you're losing and willing to burn democracy to the ground just to keep your seat warm.
