Message:

I am against the redistricting because it's not only unfair to the Democrats but unfair to the voting minorities of blacks, latinos, etc. This redistricting will give Republicans 5 more seats. To me, it's like Democrats don't have a voice, the redistricting is more of a power grab by the GOP rather than helping Texans. Texas has been dominated by the GOP for decades so why are the Republicans worried about losing power? The Democrats deserve to have a say. As I said, this seems to be fulfilling Trump's agenda rather than helping Texans. Everybody, regardless of race, gender, sexual orientation, or religion should be able to vote with their opinions, the Voting Rights Act of 1965 should not be violated. This is why I am against the redistricting, as it's a mere power grab by the GOP
