Message:

My Congressman was Sylvester Turner. I, nor anyone else in his district have been represented in Congress since his death. There is no responsible reason for us being without representation for so long.

Now there is this wasteful attempt to sabotage our representation with very flimsy pretense. There is no justification for this congressional redistricting. It is unnecessary, confusing to voters and will cause the state to waste time and money during the special session – only to later waste more time and money in litigation over whatever maps are proposed.

How about we spend this special session on something that is important: solutions to prevent disaster and needless deaths from flooding.

Please stop this senseless and needless work.
