Affirm public info: I agree

Regarding: Congressional

Message:

I am deeply distrssed in the way, and the reasons given to redistrict the legislature in Texas. I feel the reasons given, and the reason why this is being done now are unjust and against the law. When I look at the distribution of legislature seats in Texas the numbers and distrubution don't make sense. Republicans have an unsupportable amount, compared to all other parties, whites have an unsupportable amount, compared to all other ethnic groups, etc. And no one is talking about making this change because these statistics are unfair to the Republican majority. President Trump and our governor are driving this train only to unfairly change the balance of power which is a very poor reason to unlawfully make this change. PLEASE VOTE AGAINST THIS REDISTRICCTING THEFT.

Robert Reichkek
