Message:

I am severely disappointed and angered at the sloppy and incompetent actions by our legislators. Everyone knew the Democrats were going to bolt as soon as the special session began. The house speaker should have lock the doors as soon as redistricting was brought up and demanded an immediate vote and held them their until it was done.

The perpetual playing footsie with people who want to bring down our state and country needs to stop. The current House speaker only got to that position by gerrymandering with the Democrats and he has no real credibility. I hope his district will find a replacement for him at the next election.
