Message:

Vote No on the new redistricting maps. Do not change our current maps to play politics and dilute the voices of communities of color, suppress young and working class voters and redraw the rules to benefit those already in power. I stand with the Democratic law makers who have left the state. Their choices to break quorum proves that they are representatives of the people in their districts and are 100% fulfilling their mandates to make laws AND represent the interests of the people.
