Regarding: Congressional

Message:

No Gerrymandering of any Congressional Districts should be taking place at this time. It is the midpoint between the taking of the Census that gives numbers for when it should happen and where. No rational reason to change the shape of Districts has been given other than the Oval Office resident requested it of our Governor. That should not be sufficient for it to happen. The people of Texas do not want this obviously partisan action to take place. No to redistricting. It will have the further negative action of suppressing votes.
