Message:

Please use your time, energy and our money in this " Special Session" that Gregg Abbott has called to help all the flood victims in central Texas.

This included individual folks , families and whole community.

This included farmers, their lost crops and equipment and fields that need to dry , be leveled and replanted.

This included many many small businesses.

Also, develop and build an effective many tiered warning system to prevent this type of disaster from ever happening again.

Be leaders who build up all our people now!

Be leaders who use the Rainy day fund .

Use everything in your power to help our people.

Save Gerrymander for the next Census.
