Message:

I strong urge you to vote against redistricting efforts. I am disheartened and disgusted by the misuse of a special session called to help with a heartbreaking disaster in our state. This session should be about funding emergency disaster plans, but those efforts are now being undermined but an active movement to disenfranchise voters in Texas. Everyone in my community is angered by these efforts and we will continue to fight against all local and state level representatives who seek to further disenfranchise us and our fellow Texans. It is my hope that the Texas Senate will not use a tragedy to enact another greater tragedy - the loss of one of our fundamental rights as citizens - representation in local, state, and federal government.
