Message:

I am a 1st generation Texan married to a 4th generation Texan and we have never been so disappointed in our state's direction and decisions. I very strongly oppose any redistricting in the state of Texas that may favor the republican party. Every Texan, regardless of where they live, deserve to have their voices heard. It is the job of the representatives to serve us. It is our right as citizens to elect officials who reflect our ideals and values. Ones who share our morals and represent our ideas. If these representatives cannot align themselves with the need of the public that they serve, they have no business representing the people. We need to ensure that we do NOT redraw the district lines. We the people have the power.

If the republicans choose to move forward with their plans of gerrymandering the districts, then please prepare for a fight. Prepare for protests in the street because residents of this state will not stand for this. It is unethical, un-American, and not representative of the Texas that was founded all those years ago.
