Affirm public info: I agree

Regarding: Congressional

Message:

The illegal, unnecessary mid-decade redistricting effort is an affront to every U.S. citizen and resident of Texas, particularly those who are of voting age. This cowardly power grab is a clear signal that the current leadership in TX is not only ineffective and immoral when it comes to governing in the best interests of its constituents - ALL CONSTITUENTS - but it is also beholden to a party leader who has repeatedly shown that he cannot win fairly and on his own merits. He lies, he cheats and he selfishly demands others to do the same in service to him, contrary to the oaths of office taken by each politician claiming to be a Republican. It is disgusting, and it needs to STOP NOW. History will judge you harshly, but more importantly, likely so will your kids, your grandkids. Your name will be infamously discussed in classrooms as a traitor to your country and that will forever be your legacy. And if you happen to be a Christian, good luck to you when you stand before God to be judged. Although, I am pretty certain you don't actually care about ethics and morality because your actions clearly demonstrate that.

I demand that this redistricting effort be halted immediately. It is a blatant effort to ensure you can rig the mid-term elections. Why don't you actually try to do some good? Make sure no flood can steal precious lives. Give teachers the pay they deserve. Raise the minimum wage in TX to allow everyone to live a dignified life. Stop cutting funding for welfare programs and actually love and take care of thy neighbor the way your Bible or other religious text instructs. It's not hard to be a good person, to do the right thing. Sadly, it's infinitely easier than doing what

you're doing now, but you have failed thus far. You need to change that now.
