Regarding: Congressional

Message:
This mid-decade redistricting is blatant gerrymandering and illegally affects voters of color and other marginalized communities in Texas by undermining their representation in congress. I hate this and it's wrong. I strongly oppose this redistricting. Texans need natural disaster and climate change preparedness efforts and relief, access to education, to healthcare, and the resources they need to survive, not this. Check your priorities because this obvious power grab does nothing to help texans.
