Message:

I am appalled at your blatant attempt to steal voters' rights. Your views are extremely unpopular. Over 60% of Americans DON'T approve of Trump and his crazy ideas, but rather than reflect your constituents' views, you're making sure their votes don't count.

I know you pretend to be patriotic, but self service isn't patriotic. The lies are obvious, the cowardice is disgusting. STAND UP to the lunatic in the White House. The twisted histrionics are insane: Up is down, white is black, night is day, repression is freedom. Lies, lies, lies! Your party is divorced from reality.

The founding fathers are turning in their graves!

And by the way, Jesus taught unconditional love and forgiveness, not 'Christian' Nationalism. There's nothing Christian about deporting innocents and starving children.

You might get away with this for a while, but the pendulum always swings back and truth will always reveal itself. Love always defeats evil in the end. Dictators fall. Cause and effect is inevitable. The only thing we take with us is our character. Grow some!
