Good day to all of you,

My name is Sharon Kay Snowton. I was born a Texan and I will die a Texan. I am very concerned with the constant map re-drawing at the request of the rich and those with power in Texas. Those who own land for miles over our state and who do the re-drawing to disenfranchise us who are not big land owners. These people are doing this at the request of Donald J Trump who wants to steal our votes. He and the Republicans hope that by re-drawing the map it will stop some of us who vote BLUE. Well, I was born here. I love my state. I believe in voting. I believe in Democracy. I vote BLUE.

Every citizen deserves an equal SAY IN OUR DEMOCRACY. Governor Greg Abbott and his minions are letting Trump's agenda take over our state, while forgetting our common everyday citizens in our state. He is ignoring our wants. He is ignoring our needs. Our Texas current congressional map is already in court for violating the law of Voting Rights Act of 1965. And here again, we are. Fighting for the same rights. Fighting for Democracy.

Please be aware I will be voting. Please be aware I plan to help turn Texas BLUE. I need people in the Texas Legislature who will care about ALL OF THE TEXANS, NOT JUST THE RICH, NOT JUST THE REPUBLICANS, NOT JUST THE NEEDS OF DONALD J TRUMP AND MAGA.

I hope as you discuss this issue in the Texas State Senate you will stand against unfair maps. I hope you will remember we who vote put you there to represent all of us- Democrats and Republicans. I hope you will remember we all have an equal say. Thank you for reading my letter. Be blessed all,  
Sharon Kay Snowton Cedar Hill, Texas
