Message:

I'm a resident of Dallas and a proud voter in the 30th district. I am against congressional redistricting. The districts as they stand were already drawn by a partisan committee, and the proposed changes move beyond the scope of partisan and firmly into gerrymandering. I strongly urge the legislature to at least keep the current district lines in place and the reject the proposed new map.

I am also concerned that this special session is using the deaths of 130+ Texans, including children, from the July 4th tragedy to strong arm force the new redistricting through is egregious, insensitive, and disrespectful to their memories.

Texas is a beautiful state with a diverse population, and everyone deserves to have their voices heard and to be represented by their elected officials.
