Message:

People should choose their politicians, not the other way around! I strongly oppose mid-decade redistricting rushed through a 30-day session which should be focused on flood recovery efforts. Texans deserve a redistricting process which is fair, transparent, and results in equal representation for all. I am deeply disappointed in my state governor and Republican representatives for this attempt to silence voters and to and misrepresent the will of the majority of constituents here in Texas. This is a brazen attempt of Republicans to absolve themselves of the consequences for supporting President Trump's disastrous policy (like the BBB). Voters will not forget who is now trying to strip us of our power and our voice. Fair and equal representation is the cornerstone of democracy, and history will remember this mid-decade redistricting at President Trump's request for what it truly is - a despicable authoritarian power grab and an erosion of what makes our country great.
