Message:

I oppose the 2025 redistricting efforts taking place in Texas right now. The aim is to silence the voices of Democratic voters and to push out Democratic leaders. Gerrymandering undermines the democratic process and should be abolished. Districts should never be redrawn with partisan motives. To do so erodes public trust and dissolves any chance of minority groups in having a say in their government. Texas has always been a diverse state. Stop trying to make this a state under solid red leadership. The demographics say otherwise. Anyone who votes in favor of this is not standing up for their constituents and should be held accountable as they took an oath to do so when they took office. Texans will be watching who votes for this!
