Message:

The Congressional redistricting maps must get passed. We must have fair representation in the US House to further the Trump agenda and codify those Executive Orders into law. Otherwise, in a post Trump world, our nation will be utterly destroyed with taxes, open borders, and so much more. Why did the Senate wait so long to get this done? The vote could have taken place before the Democrats left town. I expect the leadership to grow a spine and do everything necessary to find these quorum breaking Senators, arrest them and get them back to Texas. I also expect them to be fined, punished and expelled from their office. None of them have special dispensation for breaking the law and their oath. Get it done!
