Message:

The proposed redistricting of Texas Congressional and legislative districts is both unprecedented, unnecessary, irregular and not in good faith. The US Constitution guarantees each state a republican form of government. Effectively denying representation to entire groups of people is inconsistent with this guarantee and smacks of cheating. And it isn't as if we don't have other issues in this state that need addressing, namely flood prevention and relief. This is a shameful power grab and should not be seen as anything but.
