Message:

As a Texan, US citizen, and healthcare professional, I am very concerned about our state and strongly oppose any attempts to redraw the states districts that would undermine fair representation of its residents. Gerrymandering is a threat to our democracy and the God given voice of every Texan. Public trust is soon to be lost if this practice continues. I hear the same sentiment from colleagues, patients, friends, and strangers, as they feel that their voices are not as important as those with more status, money, and power than them. If the platform a candidate or party stands on is so strong, let there be fair play. I urge every member of the Texas Legislature to reject any maps or proposals to redistrict in selfish, unjust manners. Proverbs 16:11 "Honest scales and balances belong to the Lord; all the weights in the bag are his work."
