Affirm public info: I agree

Regarding: Congressional

Message:

This message to express concern regarding the ongoing redistricting process in Texas.

Fair and equitable redistricting is essential for a truly representative democracy. When district lines are drawn to favor one political party or group over another, it undermines the principle of one person, one vote, and dilutes the power of individual voters. This practice, often referred to as gerrymandering, distorts election results, reduces competition in elections, and can lead to elected officials who are less accountable to the communities they represent.

I urge you to vote against any redistricting plan that appears to be drawn with the intent to dilute the voting power of any specific group or community. Instead, prioritize the creation of fair maps that ensure all Texans have an equal voice in our democracy.

Thank you for your time and consideration of this important issue. A response and a commitment to fair maps in the upcoming redistricting decisions are anticipated.
