Message:

I am so ashamed that in 2025 the gerrymandering, the racism an the redluning an redistricting toward Black an Brown decent. It is an attack on the people. We have a voice. You feel we have no write yet the U S Constitution states freedom of speach. All my life I've dealt with racism , the use of the N-word toward the many Black Americans. The thing is if you don't want us to have a voice we can strive to make our own cities an you will not have our voice but you want an will not penaluze us for the theft of illegal taxation. It stops now. Sad representation not only im DC but in texas. My prayer next election we will have one who is for All the People.God sees an is not happy. The Bible talks of floods, fires an more to aeaken his people.
